L. LONGIFLORUM GIGANTEUM.

LILIUM LONGIFLORUM. JAPAN GROWN.

MULTIFLORUM TYPE.

The true variety under this name will produce more flowers per bulb than other types, but it is difficult to secure true stock of this unmixed with other grades. Our Japan growers promise 50 per cent. Multiflorum, but remember that disease changes the nature of the plant, etc.

PRICES:	6 to 8 inch, (400 to case)	Per 100, $3 00	Per 1000, $26 00
	7 to 9 inch, (300 to case)	Per 100, 5 00	Per 1000, 45 00
	9 to 10 inch, (200 to case)	Per 100, 8 50	Per 1000, 80 00

GIGANTEUM (Dark Stem.)

While ordinarily considered later than other varieties of Longiflorum, it has proven with our customers as early as any, and when shipped and planted fairly late has formed fine plants even in growth and fairly early in season. The type is free flowering and true. The dark stems readily prevent mixture in the growing crop.

PRICES:	6 to 8 inch, (400 to case)	Per 100, $4 00	Per 1000, $36 00

Cold Storage charges, 10c. per month per case added to prices given above.

Nephrolepis Todeaoides.

NEPHROLEPIS TODEAOIDES.

This is an English introduction that has received a first-class certificate both from the Royal Horticultural Society and from the Royal Botanical Society of London, and is likely to become a most important commercial variety. While in a general way it reminds one of an exceptionally well-grown plant of N. Elegantissima, it is entirely distinct from it, in its strong yet compact growth and its bold heavy foliage, which is distinctly tripinnate or three times divided. Specimen plants which we now have growing are greatly admired by every one and we have great faith in its future.

NEW NEPHROLEPIS SUPERBISSIMA.

The fronds are very heavily imbricated, the pinnae overlapping making the fronds very dense and compact. In color also it is different, being of a richer, darker green. The plant is very sturdy in its habit, the fronds never breaking down. It makes a much more dwarf and compact growth, the fronds being very dense, firm and rigid, it will stand more knocking around than any other fern of its type.

2½-inch pot plants, **each, 50c; doz., $5.00; per 100, $35.00.**
4-inch pots, **$7.50 per dozen; $50.00 per 100.**

8-inch pots, **$3.00 each;** 10-inch pots, **$5.00 each.**

NEPHROLEPIS AMERPOHLI.

The pinnae on this fern is finely divided. The fronds are broad and of a depth which gives them a cushion-like appearance.

NEW HARDY HYDRANGEA "SNOWBALL."

(Arborescens Alba Grandiflora.)

This is one of the most beautiful hardy flowering shrubs introduced during the past twenty years, its greatest value being that it comes into bloom just after the flowering time of the Lilacs and spring flowering shrubs, and further, it continues on into August. The panicle is more like a Snowball in form and size than Paniculata Grandiflora and is a pure white. It thrives well in any situation, in full sun as well as partial shade.

A First-Class Novelty—"Tausendschon."

A New Climbing Rose.

Raised by several crossings between the well-known Crimson Rambler, Tea and Polyantha Roses. This beautiful novelty surpasses all other climbing roses of this section, both in growth, foliage and beauty of blooms. The flowers appear in large clusters from the beginning of June till the end of July. Each individual flower measures about 2 inches across, and is of a beautiful soft pink, same color as Clothilde Soupert; later on changing into rosy carmine. The plant is of strong, vigorous growth, absolutely hardy and a most excellent variety to plant wherever a strong climber is desired. Very agreeable, as it is nearly thornless.

Florists will do well to force this grand rose in for Easter.

BABY RAMBLER ROSE.

The Everblooming Dwarf Crimson Rambler.

This new Rose, which was sent out by the name of Mme. Norbert Levavasseur, is a cross between Crimson Rambler and Glory of Polyanthus, retaining the color of the former with the exceedingly free flowering habit of the latter, as well as its dwarf growth.

The plants are very vigorous and grow to a height of about 24 inches. The foliage is dark, glossy, profuse and remarkably free from insects and fungus.

The flowers are borne in clusters, 30, 40 and 50 to a cluster. They are in every way just like those of the Climbing Crimson Rambler and are produced perpetually.

PEONIES.

The kinds offered below are absolutely true to name, all having been grown by us in our Nurseries at Western Springs and tested for the past three and four years.

Peony plants are much surer to bloom and will be much stronger if planted in September and October, so that new rootlets may be formed before cold weather. This gives a great advantage to home grown stock over imported plants, which invariably come too late and often not true to name.

We offer the roots in strong 3 to 5 eyes each at prices quoted. We can also, if required, furnish large size up to 4 and 5-year-old with 10 to 20 eyes at reasonable rates.

NEW GIANT PANSIES.

TYPE OF MASTERPIECE PANSY.

Andromeda. New Giant Curled. Color a very delicate apple-blossom generally showing a soft lavender hue; rendered more effective by a somewhat darker veining. **Trade pkt., 25c.**

Aureola. A most unique sort. The three lower petals are carmine, each with a large round blotch, the upper petals are white, with a broad carmine stripe near the edge. **Trade pkt., 25c.**

Boulogne Giant. This is a special selection of a French Pansy grower; the flowers are of the largest size, of great substance and fine form, and are borne on particularly strong stems. They are mostly 3 and 5 blotched, delicately veined, while the colors are rich and varied. Like all high-bred Pansies they are shy seed bearers. **Trade pkt., 50c.; ⅛ oz., $2.00.**

Bridesmaid. The flowers of this new interesting variety are very large and of fine form. Its ground color is a Rosy White, rivaling in delicacy and beauty the finest Apple-blossom, and most strikingly sets off the dark blotches of the center. **Trade pkt., 25c.; ¼ oz., 80c.; oz., $3.00.**

Emperor Francis Joseph. The plants are of compact habit while the flowers are of very large size, pure white with a large blotch of brilliant violet blue on each petals. It is the best White Pansy in existence. **Trade pkt., 25c.; ⅛ oz., $2.00.**

Marechal Niel. The flowers are very large, without any blotches or veins and are of the same pleasing, delicate cream color as the rose whose name it bears. **Trade pkt., 25c.**

Mauve Queen. Of largest size, the flowers are of almost pleasing mauve color. The three lower petals have large blotches of blush carmine; **Trade pkt., 25c.; ⅛ oz., $1.00.**

Orchid-Flowered. A most interesting type of the Pansies of the Giant-Flowered Class, containing a mixture of must surprising, novel, unique and beautiful color combinations, entirely new among Pansies. The ground color of nearly all the flowers is light, the petals being marked with large brown or golden yellow blotches which diffuse into rays and veins towards the edge. The upper petals are upright and plaited, resembling orchids. The colors are terra cotta, flesh, orange, rose, pink and lilac. **Trade pkt., 25c.; ¼ oz., $1.00; oz., $4.00**

Rosy Morn. A bright purplish crimson margined with a clear white edge. In early spring the color is very deep and rich; as the weather grows warmer, the color gradually turns a pleasing rosy carmine and the silver edge becomes wide. **Trade pkt., 25c.; ⅛ oz., $1 00.**

Siegfried. Of giant size, the flowers are borne on strong stems. They are mostly 5 spotted with a clear white margin. The colors are of rich brown shades such as are found in the English wall flower. **Trade pkt., 25c.; ⅛ oz., 75c.**

Giant Volcano. Color, bright dark red, each petal being marked with a very large dark blotch. The flowers are of large size and good substance and the edges of the petals are curled like those of "Masterpiece," from which it is a selection. **Trade pkt., 25c.; ⅛ oz., $1.00.**

MASTERPIECE—NEW GIANT CURLED.

This strain comes nearer to "Double Pansies" than anything ever introduced under that name. In reality the number of petals is the same as that in other Pansy flowers, but they are crimped and curled in such a fashion that the flowers appear double. The flowers are of enormous size, often 3 inches across, and the color variations and combinations are odd and striking. **Trade pkt., 35c.; ⅛ oz , 60c.; ¼ oz., $1.00; oz., $4.00.**

VAUGHAN'S "GIANT PANSY MIXTURE."

Embraces, besides all the above shades and colors, five special strains not listed elsewhere in this Catalogue and which can only be had in this and our International Pansy. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, the splendid Cassier strain with its delicate veinings. We have spared no expense to secure the newest, richest and finest sorts. **Trade pkt., 25c.; ⅛ oz., 60c.; oz., 4.00; ¼ lb., $14.00.**

NOTHING BETTER.

VAUGHAN'S INTERNATIONAL PANSIES.

THE WORLD'S BEST.

Vaughan's International Pansy Mixture was first prepared and offered by us in 1889. We import from all the best European sources and personally inspected the fields of French and German specialists of their finest strains. These with best American types made up the collection. Each year has added to the quality of its flowers, the variety of its colors. We buy every year novelties of known merit to improve the mixture. This is the reason it is always complete, always the latest and always the best mixture AS WE BELIEVE. We add to all the Pansy Mixures which we now buy more than fifty per cent of choicest named kinds obtainable, each in rightful proportion. We thus know what it will produce. This is one of the SPECIALTIES which has established and held the reputation of Vaughan's Flower Seeds and this is one which we maintain most carefully, not alone as to quality but in vitality and germination. You are beginning right in Pansy growing when you start with Vaughan's International Mixture. **Trade pkt., 50c.; ⅛ oz., $1.50; ½ oz., $5.00; oz., $10.00**

FERTILIZERS.

PRICES ON FERTILIZERS ARE NET CASH.

BONE MEAL. Vaughan's Rose Grower.

This is a special brand we have put up for our trade. It is ground fine, hence acts quickly. It is made from bone accumulated in large slaughter houses, and should not be compared with Bone Meal made from cattle heads and feet gathered on the western prairies. Our "Rose Grower" Bone has been slightly steamed to soften it so it can be ground fine, and is thus quicker in its action. A finely ground bone can also be more evenly distributed through the soil. Analysis.—Ammonia, 4½ to 5½ per cent.; total phosphoric acid, 22 to 25 per cent; total bone phosphate, 48 to 54 per cent.

It is a **money-maker.** For potting soil use about 20 lbs to the cubic yard of soil, and for the dressing scatter it about as thick as lawn grass is sown, after loosening the surface of the soil. It is excellent for carnations if applied by the end of October or in November. It can also be applied as a liquid manure by using an 8-inch pot-ful to a barrel of water. F. O. B. Chicago. Price: 25 lbs., 70c; 50 lbs., $1.25; 100 lbs., $2.40; 200 lbs., $4.60.

CATTLE MANURE, SHREDDED.

An efficient, high grade natural fertilizer for all general purposes, manufactured by special process from selected fresh cleanings from cattle pens.

For making mulch or bed and potting soil shredded cattle manure is the best and safest material obtainable.

Florists and Greenhouse men use large quantities for this purpose because there is no danger of making the soil too hot or burning young plants and seedlings.

In making Manure water it is fully three to four times as strong as rough Manure. The advantages of its even quality and the easy and unobjectional way of handling the Manure, not a pound being wasted, makes it cheaper than the rough Manure which often can be had for simply the cost of freight and loading.

PRICE: F. O. B. Chicago. 100 lbs., $1.20; 500 lbs., $5.00; 1,000 lbs., $8.00; ton, $14.00.

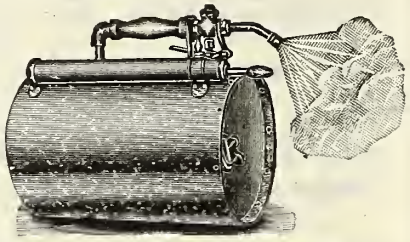
SPRAYERS.



The Fountain. One of the best compressed air sprayers on the market. The tank has a capacity of 3 gallons and is tested to an air pressure of 50 lbs. to the square inch, which obviates any danger of bursting. Price: Galvanized Tank, $5.50; Brass Tank, $7.00.

The Brandt. A new sprayer designed to overcome the many objections to the compressed air sprayers now on the market. Instead of pumping the air into the reservoir before starting to spray this sprayer is fitted with a pump which can be worked while you walk, thus controlling the pressure at will. Can be used for one or two rows. Reservoir holds 3 gallons of liquid, enough to spray a row a mile long, with only one filling. Price: Galvanized Steel Tank, $5.00.

Auto Spray. Eight to ten strokes of the plunger in air chamber will compress enough air to discharge the entire contents and make a continuous spray for nine minutes. The "Auto Spray" has been improved by the addition of the "Auto Pop," shown in illustration. Briefly described, the "Auto Pop" is an automatic valve, which is closed by the air pressure used to operate the "Auto Spray." In operation a lever is moved by simply closing the hand, thus opening the valve and allowing an instantaneous discharge of spray. By releasing the lever it closes itself automatically; hence the spray is in perfect control. Price: Galvanized iron reservoir, $4 50; with Auto Pop, $5.50; solid copper reservoir, $6.00; with Auto Pop, $7.00. Brass Extension Rod, in 2-foot lengths, each, 35c; Galvanized Extension Rod, in 2-foot lengths, 25c.

VAUGHAN'S BOUQUET GREEN

Lycopodium), also called Ground Pine, Club Moss, etc.

The past two seasons have strongly entrenched our position as a **first jobbing source** for this article. Our bulk carload lots in recent seasons have been secured from new localities on well wooded, level, moist grounds, and this product has proven the most uniform in deep green color and full sprays of any we have ever handled. Since it is grown farther north it is not subject to the warm and discoloring weather of other districts.

WRITE OR WIRE US for prices whenever you are ready to buy. Prices are quoted by mail for prompt acceptance, and customers are especially desired to ask us for net prices just when ready to buy, as values on this *fluctuate* greatly and almost daily. We keep in close touch with the market and supply at right prices.

Prices ready in October, write us. (25 lbs., $2.00.) On ton lots write or wire for prices.

Our values are more than **DOUBLE.**

Per case, **$5.00.** For larger lots write. Burlap-lined for Pacific Coast Shipment, 50 cents extra.
